janet angelillo introduces us to an entirely new way of thinking about writing about reading she shows us how to teach students to manage all the thinking and questioning that precedes their putting pen to paper more than that she offers us smarter ways to have students write about their reading that can last them a lifetime she demonstrates how students responses to reading can start in a notebook in conversation or in a read aloud lead to thinking guided by literary criticism reflect deeper text analysis and honest writing processes result in a variety of popular genres book reviews author profiles commentaries editorials and the literary essay she even includes tools for teaching day by day units of study teaching points a sample minilesson and lots of student examples plus chapters on yearlong planning and assessment ensure that your students will be readers and writers long after they leave you get them enthused and empowered to use whatever they read facts statistics the latest book as fuel for writing in school and in their working lives read angelillo

this excellent resource provides a realistic and systematic process that educators can immediately implement for improving reading and writing while enhancing content knowledge and skills

reading and writing are complementary processes that experienced readers and writers engage in recursively unfortunately community colleges today are

filled with developing readers and writers who require more guided practice and explicit strategies instruction to be successful in first year composition reading provides students with concrete exemplars of how good writing is structured idea generation when they lack background knowledge and aids in generating complex and thoughtful text that's why writing to read reading to write presents reading writing and critical thinking as engaging and complementary endeavors this focus on reading also gives students who are underprepared for the first year composition course or in the co requisite support sections a chance to practice those skills and reapply them as they develop college level work

reliably insightful publishers weekly the first step to becoming a successful writer is to become a successful reader helping you develop your critical skills how to read like a writer is an accessible and effective step by step guide to how careful reading can help you improve your craft as a creative writer whatever genre you are writing in across 10 lessons each pairing published readings with practical critical and creative exercises this book helps writers master such key elements of their craft as genre from fiction creative nonfiction and poetry to hybrid genres such as graphic narratives and online forms plot conflict theme and image developing characters physical descriptions psychological depths and actions narrators and points of view 1st 2nd and 3rd person narratives scenes and settings time space and place structure and form length organization and media language subtext and style

in this book s g grant reports his study of how four michigan elementary school teachers manage a range of reforms such as new tests textbooks and curriculum frameworks in three different school subjects reading writing and mathematics two significant findings emerge from his comparison of these responses teachers responses vary across classrooms even when they teach in the same school building and also across the reforms a teacher might embrace reforms in one subject area but ignore proposed changes in another this study of teachers responses to reading writing and mathematics reform and the

prospects for systemic reform is part of a growing trend to look at the intersection of curriculum policy and teachers classroom practice it is unique in the way the author looks at teachers responses to multiple subject matter reforms uses those responses as part of an analysis of the recent move toward systemic reform and employs empirical findings as a means of examining the current movement toward systemic reform reforming reading writing and mathematics is important reading for researchers practitioners and graduate students of educational policy teaching and learning in reading writing and mathematics and elementary education and for policy analysts in universities foundations and government

this volume presents the results of a two year research project which examined the development and use of reading and writing by school aged children the studies examined the relationships between children s reading and writing by looking at the social contexts that surrounded their understandings and uses of reading and writing the cognitive processes that the readers and writers invoked in completing different kinds of tasks and the products that were produced including the ideas that were developed in reading and writing and the ways in which these ideas were structured in presentation or recall the results point to new understandings about children s context for literacy and ways in which children at distinctly different phases of their schooling experiences approach reading and writing the author contrasts ways in which children at each of the differing ages approach their reading and writing tasks illuminating the knowledge they already have and what they have yet to learn
